

## PROFESSIONAL SUMMARY

Experienced international development professional with 15 years of expertise at the nexus of climate adaptation, policy engagement, and inclusive resilience-building. Proven leader in designing and managing high-impact initiatives that strengthen civil society and government capacities for climate and disaster risk management. Skilled in translating complex research into actionable learning and policy tools, with a deep track record working across USAID, UN agencies, and global networks. Recognized for leading participatory and gender-responsive climate and learning programs across Africa, the Caribbean, and the Pacific. Brings a strategic yet practical approach to training design, stakeholder engagement, and facilitation—rooted in a strong understanding of National Adaptation Plan processes and broader resilience frameworks.

## CORE COMPETENCIES

- Climate Change Adaptation & Resilience Strategy:** Designed and led Abt Global's climate adaptation strategy and designed and advised USAID's flagship CACCI program supporting NAP and NDC implementation.
- Civil Society & Stakeholder Engagement:** Facilitated inclusive engagement strategies across multiple USAID and UN programs, including CSO-driven resilience learning in the Caribbean and Pacific.
- Gender Equality & Social Inclusion (GESI) Mainstreaming:** Organized and led GESI-focused sessions at global forums (e.g., NGO CSW66, InsuResilience), and authored guidance on gender in climate and disaster risk processes.
- Participatory Training:** Supported curricula development and design of *Foundations of Climate and Disaster Risk Finance and Insurance (CDRFI)* and *Impactful Civil Society Engagement* for stakeholders across the world.
- Cross-Regional Expertise (Africa, Caribbean, Asia Pacific):** Supported food security, climate adaptation, and resilience project design and programming across dozens of countries, with deep experience in West Africa and the Pacific.
